

Paint Tips

Let's Unleash Some Creativity!

We are so excited to offer you and your friends a fun, memorable and creative experience. Be sure to **invite** your friends and family to participate! If additional kits are needed, please let us know at least 7 days in advance to allow for supply packaging and shipping. If you are hosting your virtual party with us, be sure to **check** your internet connection and email for the Zoom virtual link/password - we don't want you to miss out on any of the fun!

Prepare your workspace in advance

- Set up at a table in a well lit area.
- Cover your table with a cloth or craft/newspaper.
- Gather a disposable cup, plate, and paper towels.

Use your disposable cup to clean brushes, plate to mix paint colors and your paper towels to remove excess water and paint from your brushes.

- Don't wear clothing you don't want to become a part of your masterpiece. Acrylic paint is not washable.
- Fill your disposable cup halfway with water. This is to keep your paint brushes moist between painting and changing colors.
- After completing your masterpiece, wash your paint brushes and save them for another creative opportunity!

Check your supplies

- pre-traced canvas
- disposable apron
- paint colors
- paint brushes

Color mixing guide
